

ACOUSTIC LINING SUSPENSION CLAMP

FEATURES

- Diverse pipe isolation solution designed to dampen noise from rattling pipes.
- Reliable and secure pipe mounting; helps prevent loosening of wood wedges or pipe hooks.
- Pipe mount and isolator in one; absorbs vibration typically transmitted by water velocity and disruptions in water flow.
- Designed to remain stable under normal hot-water temperatures.
- Compatible with copper, PEX, CPVC, cast iron, and other pipe materials.

PRODUCT DIMENSIONS

PRODUCT

Acoustic Suspension Clamp

A combined mounting and isolation solution for common plumbing applications.

APPLICATION

Primary use

Pipe mounting and vibration/noise isolation.

Compatible materials

Copper, PEX, CPVC, cast iron, and other common plumbing pipe materials.

Product type

Acoustic suspension clamp with integrated isolator.

MATERIAL SPECIFICATIONS

- Clamp Chassis: Polypropylene

ITEM #	A (CTS)	B	C	D	E
AC-SC012	1/2"	2.2"	1.15"	0.91"	0.14"
AC-SC034	3/4"	3.0"	1.45"	1.22"	0.14"
